About this piece

A rare well designed very good quality Arts Crafts metamorphic knee hole quarter sawn oak architects or artist desk with a rising adjustable work area that has three different height positions. The three drawers to the right-hand side each have a removable tidy tray, with a pull out slide to the top for pens and a little extra work area. The spacious knee hole area has a foot rest which units to the left-hand side legs and side stretchers. I do have the missing handle. Height 29" , Width 22.5" , length 49", height when open 40".
