About this piece

An **Arts and Crafts lantern** in **hammered brass**, aligned to the *Arts and Crafts* movement (1880–1910), **c.1905**. The domed cap carries a large suspension ring and a scalloped visor. Four thick strap brackets sweep down in sinuous S-curves, each with curled terminals and riveted lugs that clasp the **original opaque ribbed glass** liner. A circular lower ring with small ball-head fasteners retains the glass securely. The surfaces show hand planishing and an honest workshop patina. The form is compact and well-balanced, suitable for halls, porches or clustered installations.

With original opaque ribbed glass liner. I also have another one in stock, identical but twice the size.
