### About this piece

**Centre table** in **ebonised walnut** with gilt accents, aligned to the *Aesthetic Movement* (1860–1890), **c.1875**. Octagonal top on turned corner supports above a spindled galleried undertier, standing on shaped legs with stylised brass castors.

**Probably by Gillows** based on workshop vocabulary and configuration: the octagonal plan, turned supports and framed spindle gallery match documented Gillows patterns and late-Victorian commissions from the firm.
