About this piece

Lambs of Manchester, attributed

A rare Aesthetic Movement, unusually tall chest of drawers made from ash, each drawer with stylized brass drop handles and ebonized inlaid rectangular details behind the back plates. Hand cut dovetails to the drawers. All stood on a plinth base. A huge storage solution that takes up the same floor area as a normal size chest of drawers; the very nature of the height of this chest would suggest it was a commissioned piece.

Measures:

- Height: 68" inches
