About this piece

Morris and Co.: a rare pair of ash ladder back rush seat armchairs. These armchairs were designed to offer a more traditional English vernacular style armchair. It would seem that they were made in very small numbers, or that the style, which closely resembles other traditional ladder backs, has made them harder to single out, as very few examples have come on to the market.

See Morris and Co catalogue image attached, and Cooper, Jeremy 'Victorian and Edwardian furniture and interiors', London, 1987, p. 168, illus. 430.

I will sell these separately.
