About this piece

W. A. S. Benson

A rare Arts & Crafts copper & brass five-branch chandelier with the original ceiling plate to the top and a turned support below, connecting to five whiplash arms with an upper decorative copper plate with scrolled edges.

The whiplash arms flow down to join the circular copper ring, which has decorative curved over edges to the top and bottom of the ring.

The five whiplash arms then curve up with circular scroll work details to the ends that the cables hang from, with the original scroll work shade hangers the Vaseline shades hang from.

Chain Length: 62cm / 24.4 Inches
